● **Embracing the future with confidence and courage**

We all have dreams. Turning dreams into plans and plans into reality requires not only courage and determination, but also a financial buffer. You probably also have dreams for your future and what you want your retirement to look like. To realize this, you will need to have a plan. And for this to work out the way you desire, you will need sufficient financial resources.

Retirement planning is built on trust, which is why it needs an institution that can be relied upon on at all times. Our pension fund should seek to address the future with confidence, also in view of the ongoing reform efforts here. We therefore need your vote to be able to implement this.

Nicole Bubendorff

Administrative Professional Legal | BR | Legal | S&L

The challenges are complex, which is why I would like to contribute my financial and legal knowledge as a member of the Board of Trustees, as well as continue my professional development in this field to ensure that our pension fund continues to deserve your trust.

I am committed to a forward-looking, sustainable and responsible financial policy, and an open and accessible information culture.

The topic of retirement planning affects us all, which is why I am asking for your vote and your trust.
